

133

TRAFFIC ADVISORY

SR-133 (LAGUNA CANYON ROAD) PROJECT

WHAT: TRAFFIC IS CURRENTLY ON NEW SOUTHBOUND LANES OF STATE ROUTE 133 (LAGUNA FREEWAY), BETWEEN SR-73 AND INTERSTATE 405. TRAFFIC WILL SWITCH TO LANES OF THE NEW NORTHBOUND ALIGNMENT TO ALLOW CONSTRUCTION CREWS TO COMPLETE ROADWORK ON THE SOUTHBOUND LANES.

WHEN: Wednesday, March 1, 2006 at approximately 11 p.m.

WHY: To complete underground utility work, install roadway structural sections and apply new pavement to portions of the southbound alignment. The California Department of Transportation (Caltrans) and the County of Orange are working together to improve Route 133 (Laguna Canyon Road). The project includes realigning the roadway to the west of the Laguna Lakes, rejoining the lakes for potential restoration of wetlands along Laguna Canyon Creek and new bike lanes throughout the project area. Work began in January 2003 and is anticipated to be completed in winter 2006.

SAFETY IS OUR NUMBER ONE PRIORITY

MOTORISTS ARE URGED TO SLOW DOWN, BE ALERT AND PROCEED WITH CAUTION.

Expect traffic delays during peak hours. The following traffic restrictions will be in place:

- Speed limits will be reduced to 40 mph
- Traffic fines will double within the construction zone
- NO PASSING will be allowed
- Bicycle detour will be in place for first several stages
